

VIVIAN VAN DYCK

Owner & CEO, Caring Ladies Home Health Care

With over 20 years of hands-on experience in healthcare as a Home Health Aide (HHA) and Certified Nursing Assistant (CNA), I am deeply committed to improving the quality of life for seniors. My journey in caregiving began as a young adult, inspired by Gertrude Wescott, a kind 65-year-old volunteer with Meals on Wheels, with warmth and dedication ignited my lifelong passion for caring.

Throughout my career, I have worked across diverse care settings, including private homes, nursing facilities, and hospitals, where I provided personalized and dignified care to seniors, the elderly, and children. My dedication to professional growth also led me to further my education in early childhood development, expanding my understanding of compassionate care across all life stages.

As the Founder and CEO of Caring Ladies Home Health Care, I combine deep compassion with professional excellence to ensure families receive trustworthy, high-quality home care services. My leadership is rooted in empathy, respect, and a sincere desire to make a meaningful difference in the lives of families.

We Are fully licensed by the State of New Jersey and recognized for excellence in home care services.
